
Fendant

2022

2000 bottles

Vines in Fully and Saillon. Steep terraced vineyards with granite, schist and clay-limestone soils.

Wine

This is an essential grape variety, which takes on spicy notes here, thanks to the mountain terroir. Intense and fresh nose, with notes of white flowers, lemon zest and acacia honey. Harmonious and balanced on the palate, with citrus flavours, vertical, lingering minerality, vibrant and refreshing.

Wine-making

Vinification and ageing in vats on lees.
