
Syrah

2022

2500 bottles

The vines are located on the Leytron hillside in Les Prix, but also and above all in Fully, on the terraces of Les Follatères and in the locality known as Zony.

Wines

This grape variety thrives on the gneiss soils of Fully and offers great concentration and beautiful typicity. The nose opens with black pepper, nutmeg, but also sometimes notes of leather. The attack is supple, then structures itself around a framework of firm, ripe and fresh tannins. The finish is long and silky with hints of eucalyptus and a well-controlled wildness.

Wine-making

Vinification in vats and ageing in barrels and casks.
